Web Portal **is an Internet based outreach system designed to enhance your laboratory's ability to increase your client base and your revenue. Ideal for your Nursing home clients, Physician clients, and any other type of client that may want patient reports delivered to them over the Internet on their Browser. In addition, Web Portal provides your clients with the ability to: Place patient orders, Collect samples, Print Labels and Collection lists, and will retain historical report information for all their patients. All integrated with your *xLab* LIS!**

- ***Login*** - **Password protected Login**
  - **Protects PHI**
  - **Restrict user access to only functions you want them to have**
  - **Fully encrypted and secure**
- ***Orders*** - **Client placed orders**
